(b) and (c) The information is being collected.

(d) the responsibility of ensuring timely payment of the cane price dues lies with the State Governments, who have the necessary powers and field organizations to enforce such payments. The Central Government, besides writing to the Chief Ministers of the State from time to time for expeditious clearance of the same, had taken the following remedical measures to improve the financial health of the domestic sugar industry with a view to enabling it to reduce the cane price arrears:—

(i) The Central Government has reduced the levy obligation of domestic sugar factories from 40% to 30% with effect from 01.01.2000 and subsequently to 15% w.e.f. 01.02.2001. This has further been reduced to 10% w.e.f. 01.03.2002. This will enable the sugar factories to sell more sugar under free sale quota in the open market and thereby obtain better realization.

(ii) Advance release of free sale sugar are being made to needly sugar factories to enable them to pay the cane price dues to the farmers.

(iii) In order to liquidate the stocks of the sugar mills, the Government has allowed export of sugar. The quantitative ceiling on export of sugar as well as the requirement of registration with APEDA have been dispensed with, w.e.f. 1.4.2001.

(vi) The Sugarcane (Control) Order, 1966 has been amended empowering the State Government/Central Government to recover cane price dues as arrears of land revenue.
